WHAT A VISITOR THINKS OF ADA

SUPERINTENDENT OF COPAN
SCHOOLS PRAISES ADA AS A
CITY OF BEAUTY AND
PROGRESSIVENESS.

E. S. McCabe, superintendent of the schools of Copan, was in the city yesterday, coming here to judge the debate between the teams of East Central and Alva Normals. Mr. McCabe gave his impressions of our city as follows to a reporter for the News:

"Well, that is a pretty direct question, and one, too, which might be answered in a variety of ways. But a modest opinion concerning the question and from one who admires the little Magic City may possibly be read with interest by citizens."

"Ada is indeed beautiful for situation. Nature seems to have done her utmost in creating a fine situation for a town of genuine worth and enduring progress. Every town or city has an individuality, a type of its own, and thus attracts citizens of the same general characteristics to a great extent, at least I think this is true."

"The people here are observed to be thoughtful, kind, sympathetic, and helpful to one another. And, as the Postum man is wont to say, 'There's a reason.'"

"This is pre-eminently a town of homes. The very atmosphere of things imparts to one a restful feeling, a thoughtful spirit, and all are concerned in the development and growth of the town."

"In speaking of Ada as a town of homes, however, we do not mean to say that it is not also a place of substantial business interests. By no means! All the various kinds of business are well represented and conducted by men of genuine progress. The places of business are, for the most part, well arranged and managed with a promptness and courtesy toward customers that compare favorably with many towns of much larger size."

"The people of the town and vicinity are elated with the way the local daily is co-operating in the up-building of Ada and Pontotoc county."

Only Old Timers Remember "Rush" Of 32 Years Ago

Old timers were remembering Thursday that it was just 32 years ago that old Oklahoma first became opened up for citizens. It was on April 22, 1889, that the first "rush" for lands took place in that part of Oklahoma known as the lease lands and which comprised a vast territory west of the 98th meridian line. The land included the Choctaw and Chickasaw lands taken by the government under the terms of the treaty of 1866 and which had been settled by Indians.

The rush was allowed by the government for the purpose of settling up the land by white men and was advertised far and wide. All prospective settlers were kept out of the territory until the date in question, 200,000 Made Rush.

It is estimated that 200,000 men, women and children were gathered at designated points for the rush. The government had arranged starting places at each of the corners of the strip. Purcell was one of these points. There was another along the Texas line and still another along the Kansas line.

Men gathered days ahead of the opening date for the rush. Hundreds came in covered wagons, many were on horseback and great hordes were on foot. The government agreement was that the first man to a claim should have full title to it. Each claim was 160 acres of tillable soil or one town lot.

The time before the rush started was one fraught with misery and tragedy. A drought had set in and there was lack of water. The heat drove many frantic and numbers died as a result of heat and lack of water.

It was at noontime on the designated date that the starters' gun sounded at the starting points. There was a mad rush and the race was on.

Fights Over Claims.

The driving of stakes and claiming of land occasioned much trouble. There was fighting and contention as to many of the claims. Some men were killed as a result. The government's agents found their hands full of claims with only the words of the contestants as evidence of priority.

They also found that many had sneaked in ahead of the rush and had hidden in ditches, in brush heaps and in forests. This class was known as "Sooners," a title which stuck until Oklahoma became known as the "Sooner" state.

SCOUT CRUISER TO MEXICO WATER

CREW LOADS SHIP FOR UNLIMITED STAY AT SEA ON A MISSION OF PROTECTING AMERICAN INTERESTS.

By the Associated Press
SAN DIEGO, Calif., April 24.—Officers and men of scout cruiser and a destroyer, ordered yesterday to Mexican ports on the west coast to protect American interests, were busy early today making preparations for a stay of unknown length in Mexican waters. The cruiser "Sales" was ordered to Mazatlan and the destroyer "McCauley" to Topolobampo.

The hour for sailing had not been fixed definitely this morning, but it was announced that the orders issued on instructions from the navy department called for departure as soon as the necessary preparations could be made. Both ships took on quantities of stores yesterday and last night.

STATE PRIMARY IN MONTANA YESTERDAY

By the Associated Press
HELENA, Mont., April 24.—The people of Montana are engaged today in their quadrennial presidential preference primary, at which they are to choose electors and delegates to the conventions and express their will regarding presidential candidates.

Harding, Wood, Lowden, Johnson and Hoover filed for president as republicans, but no democrat has filed. The only candidate filing in either party for vice president is Gov. Stewart of Montana on the democratic ticket.

A light vote is expected, but because of the difficulty of gathering returns, the result may not be known for four or five days if it is close.

There are some precincts without telephone facilities and only meagre telephone facilities, while others are far from a railroad.

Candidates for electors are assured as filed, because while four are to be named, only four democrats and three republicans filed. The fourth republican will undoubtedly be written in on the ballot.

NEW YORK OUT IN OVERALLS

THOUSANDS PARADE IN GOTHAM IN DENIM AS PROTEST AGAINST HIGH COST OF WEARING APPAREL.

By the Associated Press
NEW YORK, April 24.—Father Knickerbocker girded up his loins in denim and patches today to take his first serious punch at the high cost of a dressing.

The day of the big parade launched by an organization of economy writers and press agents, known as the Cheese Club, found thousands of earnest citizens ready to line up and tramp over miles of cobblestone and asphalt in warring against profiteering in the necessities of life. Long before the hour set for the parade to move, a steady stream of men, women and children were moving toward the starting point at Columbus Circle, clad in any old thing, the older the better, and taking up their places for the march in columns of four. Every class was represented. The well to do business man marched shoulder to shoulder with the "white collar boy" of the static salary envelope.

The east side or Chinese delegation from Mott Street, had places in the line.

DEATH OF LABOR LEADER MYSTERY

EDW. COLEMAN THOUGHT TO HAVE BEEN MURDERED AS RESULT OF VISIT TO STATE ATTORNEY.

By the Associated Press
CHICAGO, April 24.—Possibility that Edward Coleman, Chicago labor leader and politician, who was shot in his office two days ago, met his death because of a proposed visit to the state attorney's office to give information concerning the alleged efforts of graft by "men high up in local politics," in connection with a saloon and hotel, was being investigated today.

Coleman was to have been called before the state attorney yesterday and questioned regarding the hotel and saloon in which he was said to have been interested. An hour before he was slain, Coleman had been seen sitting on a bench in the state attorney's office.

An investigation of Coleman's labor activities on the theory that the killing grew out of a labor feud, was continued and several labor leaders were being held.

Pontotoc Board Fails to Agree on The Sanity of Reed

The following is the report of the Pontotoc Insanity Board appointed to investigate and report on the sanity of W. J. Reed:

We, the undersigned physicians of Ada, Oklahoma, having been appointed as members of the insanity board of this county for the purpose of testing the sanity or insanity of W. J. Reed, do upon our oaths report to the court as follows:

That there is some doubt in our minds as to whether or not the said W. J. Reed is sane or insane, but that we are unwilling to say that the said W. J. Reed is not insane and that he should be turned loose at this time. We believe that his case is such a one as requires the opinion of a board of insanity specialists, and therefore we recommend that the said W. J. Reed be committed to the State Hospital at Norman for further examination by a board of specialists in that line.

S. P. ROSS, M. D.

Ulman Heatley of Francis is in the city today visiting friends at the Normal. Mr. Heatley is a graduate of East Central Normal of the class of 1917. Immediately after graduation he joined the colors. He was injured while in training at Camp Greene in March, 1917, and was in the hospital until August, 1919. After his discharge he came to his home in this county and remained until last December when he went to El Paso, Texas. He is now able to walk on crutches and is doing nicely.

WALKER D. HINES RESIGNS

RAILROAD HEAD TENDERS HIS RESIGNATION TO PRESIDENT WILSON AND SAME IS ACCEPTED.

By the Associated Press
WASHINGTON, April 24.—Walker D. Hines, Director General of railroads has resigned, and his resignation has been accepted by President Wilson, effective, May 15th.

By the Associated Press
WASHINGTON, April 24.—Much work in liquidating the affairs of the railroad administration will be done after May 15th and a successor to Mr. Hines will be named.

Mr. Hines' letter of resignation was not made public, but it was understood that the director general desired to resume the practice of law in New York when the roads were returned to private control, March 1, and that he had consented to remain only until liquidation was well under way.

Because of his long application to his office, Mr. Hines is understood to contemplate a vacation trip abroad. Mr. Hines has served in the railroad administration since its creation in December, 1917.

Govt. Officials in Dilemma

CLEVELAND, April 24.—Government officials here today faced the dilemma of either backing down from the ultimatum issued yesterday or arresting approximately 1500 strikers, and thus continue the strike in jail. The insurgents agreed unanimously last night to go to jail rather than return to work before their demands are met.

CHICAGO WANTS LABOR BOARD

MANUFACTURERS ASSOCIATION SAYS "WASHINGTON ATMOSPHERE PREVENTS ACTION. ASKS 'IS IT AFRAID TO ACT?'"

By the Associated Press
CHICAGO, April 24.—Protesting that the "Washington atmosphere" was influencing the railroad labor board and delaying the settlement of the railroad strike, the Illinois manufacturers association today telegraphed Senator Medill McCormick asking him to renew his efforts to get the board transferred here, as originally contemplated. "We need the help of the strong arm of the government," the telegram said. "Is it afraid to act?"

SPEED DEMONS MUST TRACK LAW

MAYOR KITCHENS TELLS CHIEF RAWLS TO SPARE NO ONE; STOP WATCHES TO BE USED ON SPEEDERS.

"Speed demons," beware. If there is anybody in Ada who drives a car through the crowded streets of this bustling city at a higher rate of speed than the law allows, their undivided attention is called to what the News heard and saw in the office of Mayor Gary Kitchens Saturday morning.

The mayor had a determined eye; his voice was clear and firm. He called Police Chief John Rawls into his office and delivered the following proclamation, verbally:

"Police Chief Rawls, so many of the good mothers of Ada have complained to me of late that car owners are endangering the lives of their children, that I deem it imperative that from this date hence you and the patrolmen in your department arrest every person whom you or they shall observe running a car at a rate exceeding the speed limit, and in order that you and they may be the better prepared to observe such violations, I am now presenting you with stop watches, and I want you to use them."

Police Chief Rawls assured Mayor Kitchens that no effort would be lacking on his part or the part of his patrolmen to apprehend the speeders.

Mayor Kitchens assured Police Chief Rawls that all speeders presented in municipal court, where the evidence was sufficient to warrant a conviction, would be fined the maximum penalty, nineteen dollars and seventy-five cents.

THIRTY-FIVE CENT SUGAR PRICE IS NOW A REALITY

OKLAHOMA CITY, April 24.—Predictions of thirty-five cent sugar came true yesterday.

Several grocers in the residence section who were out of sugar for several days, had a supply on hand yesterday and were asking 35 cents a pound.

Stores which has had a supply on hand were selling at 30 cents. When this sugar is exhausted, dealers declare their new stock will retail for 35 cents, because the jobbers have notified them of an advance in price.

INSURGENT STRIKE A FINISH FIGHT

WITH BOTH SIDES FIRM THE CONTROVERSY BETWEEN OWNERS AND STRIKERS NO BETTER TODAY.

By the Associated Press

CHICAGO, April 24.—The insurgent railroad strike in the Chicago terminal district today developed into a finish fight, with the insurgents apparently determined not to end the walkout until their demands are granted. Equally firm, railroad officials continue to ignore the strikers and bent their efforts toward restoring normal freight movement.

The strikers definitely put an end to the attempts of their leaders for a settlement today when they rejected, for the second time within a week, a proposal to return to work.

Eighty-three per cent of the normal switching crews were reported at work in the Chicago district today and freight traffic was almost normal.

BASEBALL TOMORROW ADA VS. TUPELO

A fine game of ball is promised tomorrow between the Ada and Tupelo teams. The local men have been practicing daily this week and are in much better shape than last Sunday. They also have two new players who will take part in the game tomorrow.

Manager Somer Jones says that they have put in several days this week putting the grounds in better shape than heretofore. He says they intend to have the best grounds in this section.

The manager of the Allen team was in the city this week in an effort to match games for Allen. Allen wanted to play 15 games during the season with Ada. Mr. Jones says they will play Allen soon. The Ada men intend to play a number of teams this year that have never played in our city before.

Game called tomorrow at 3 o'clock sharp.

CRAZED BY DRUG; HANGS TO WIRES

AVIATOR IMAGINES MOB AFTER HIM AND SPENDS NIGHT HANGING TO THE TELEPHONE WIRES

By the Associated Press
MOBILE, Ala., April 24.—After spending the night on electric telegraph and telephone wires, at the intersection of two down town streets, Charles Sanders, an airman, descended safely early today into the arms of waiting policemen, who had pleaded with him for more than 14 hours to forsake his perilous perch.

The officers said Sanders was crazed from the effects of narcotics which he had taken before performing his stunts. He told the police that he believed the spectators had gathered to lynch him and he consented to come down only after he had been promised protection by patrolmen, who talked with him from the tops of nearby buildings.

Electric current was cut off throughout the night in that section of the city, so that the airman would not be electrocuted.

While in the air the man performed many thrilling stunts.

RENTERS STRIKE AGAINST RAISES

BY ACTING IN GROUPS TENANTS IN BOSTON WERE ABLE TO REFUSE RENT RAISES AND AVOID EVICTION

By the Associated Press

BOSTON, April 23.—Massachusetts has not yet been able to make up for its shortage of home and keep rents from sky-rocketing. A state Commission on the Necessaries of Life is struggling with the problem but meanwhile tenants in this city and elsewhere have obtained little relief. Several tenant groups recently refused to pay advances in rent demanded of them and by joint action avoided eviction which would have been legal upon 30 day's notice.

Two-hundred tenants at Revere have formed a corporation known as the Tenants' League to combat rent increases and have announced that they will tolerate no more advances in rent and requested aid from the city's local department. The issue there is still in doubt.

An attempt to solve the problem by arbitration has been made in Brockton, a shoe manufacturing center. A board composed of two tenants, two landlords and a fifth member to be selected by the others is to decide whether rents have been unduly advanced when disputes arise between landlords and tenants.

The Commission on the Necessaries of Life has investigated the housing and rent problems and has contributed a number of suggestions for their solution but as yet has made no formal report. It has urged the cities to form housing corporations and take over and improve abandoned tenements by workmen who had moved to better ones. The Commission found there were 3,000 tenements which were unoccupied because the landlords would not remodel them so as to make them fit for occupancy.

At the suggestion of the Commission a bill has been introduced into the legislature that would limit the return from investments in dwelling houses to eight percent. The purpose of it is to prevent speculation in homes. The commissioners found that many builders had stopped construction because of the high cost of labor and materials and had gone to speculating in real estate. The result was that frequent sales of property were followed by advances in rent. In many cases tenants were forced out of their homes so that the landlords might demand higher rates from new occupants. Massachusetts corporations have attempted to relieve the housing shortage by erecting community houses. Whole villages of attractive house are being erected in New Bedford, Lawrence, Lowell and other mill cities, and will be rented or sold to employees on easy terms.

Presbyterians Will Start "Every Member" Drive Tomorrow, P. M.

The Every Member Canvass of the Presbyterian church will begin from the church tomorrow afternoon at two o'clock. Twelve teams of men of the church have been selected to make the canvass. We are to keep in mind that the funds subscribed tomorrow will be used for and through the local Presbyterian church and will cover all expenses of pastor's salary, janitor hire, music, and all incidentals. And if the subscriptions are what they should be there will be no other canvass made for funds during the church year ending March 31, 1920.

Let us keep in mind also that not only are members of the church expected to subscribe toward its support but members of the congregation also have this privilege. Some people who are not themselves connected with a church have children in the Presbyterian church, or brothers or sisters; or perhaps they are interested more in the Presbyterian church than in any other church. These are invited to contribute to the support of the work of this church.

The committee to canvass the congregation is as follows:

F. E. Bowman, B. M. Bobbitt, C. V. Gowing, J. M. Jordan, John L. Case, J. T. Conn, W. C. Moser, Robert Wimbish, Miles C. Grigsby, M. R. Chilcutt, H. B. Roach, M. S. Hughes, Ed Gwin, C. Rodarmel, V. Hayley, A. B. Zorn, R. W. Simpson, J. G. Mitchell, W. W. Sledge, J. W. Moore, P. L. White, Orville Shead, H. C. Thompson.

PREACHERS ARE WORKING CHEAP

ONE PLAN OF INTERCHURCH WORLD MOVEMENT IS TO AMELIORATE CONDITION OF MINISTERS.

By News' Special Service

OKLAHOMA CITY, April 24.—The average salary of American pastors is \$937 per year, according to information obtained by the Interchurch World Movement survey workers. Rev. Perry E. Pierce, state director of the movement's finance campaign, said today.

"This is one explanation of the dearth of young men willing to enter the ministry, and hence an explanation of why many churches can hold services but once a month," Mr. Pierce said. "It also is an explanation of why the Interchurch World Movement next week will conduct throughout the United States a campaign for \$336,777,572. The sum is to be conducted by means of an intensive campaign throughout the week.

"The money will be spent on home and foreign missions, education, Sunday Schools, ministerial salaries and pensions, and hospitals, and homes," Mr. Pierce asserted.

"In the United States there are 58,000,000 persons who are not connected with any church. If these people wanted to attend church they would be unable to do so, for not more than one-third of the population of the United States has an opportunity to attend church regularly every Sunday.

"Twenty-seven million young persons in the United States are connected with no Sunday School; they get no regular ethical or religious training. If they wanted the training, there are not buildings or teachers enough to give to one-half of them the survey shows.

"And yet Roger W. Babson, widely-known statistician, speaking recently on business principles, declared that the greatest factor in business life today is religion, and that 'your real security is the integrity, the righteousness of the people of the community.'

"These are some of the reasons why the thirty denominations have a right to appeal for public support. Why should they join together in their appeal?

"The answer is for the sake of greater efficiency and greater economy. As a result of their co-operation through the Interchurch World Movement these various denominations have taken counsel together regarding their plans. Their budgets have been adjusted one to the other to avoid overlapping or competitive enterprises. They are based on exact information, supplied through a survey of world conditions undertaken by the Interchurch World Movement. In other words, the churches have applied to the making of their plans the fundamental principles of any great business enterprise.

"There is also economy in the

BOWELS SO BAD HE TOOK QUART OF MINERAL WATER A DAY

Mr. Whitesides was in a bad way Tells how he got over it.

"I suffered for years with stomach trouble and constipation. I got so I could eat nothing but soft food and had to take a quart of mineral water a day for my bowels. I decided to try Milks Emulsion and have used 3 bottles. The results have been wonderful. The soreness left my stomach, I can eat solid food, my bowels have improved and I feel like a new man. Anyone suffering as I did should lose no time in starting on Milks Emulsion."—M. F. Whitesides, 214 1/2 S. 6th St., Springfield, Ill.

The more physics you take, the more you'll need. Break away from them. Milks Emulsion costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

co-operative collection of the money. If the Interchurch World Movement had not existed as an organization, to facilitate co-operation among the denominations, almost every one of these thirty churches would have conducted a financial campaign of its own—a campaign a month for more than two years. As it is, while each denomination is conducting its own campaign, among its own membership, the Interchurch World Movement, by forming a clearing house and undertaking certain lines of work which all need in common, is able to serve all alike, and to appeal, also, to the general public friendly to the church. It is estimated that the Movement already has saved for the denominations \$2,000,000 in preparation work alone."

MOTHER AND LITTLE SON PRAISE TANLAC

Mrs. Nellie Peck Says Her Little Boy Never Had A Well Day Until He Began Taking Tanlac — Now Is Well and Strong.

"I will never be able to pay the debt of gratitude I owe to Tanlac for what it has done for my little boy and me," said Mrs. Nellie Peck, No. 1421 Charlotte St., Kansas City, recently.

"My little boy Curtis is fourteen years old and never in his life had he seen a well day until he began taking Tanlac. I worried and worried over his condition, but in spite of everything I could do he didn't seem to gain any strength and was weak and delicate all his life. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children.

"He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would get so dizzy he could hardly walk and as I stood and looked at him I thought he would surely fall over. He would have bad headaches and was nervous and could never sleep well at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Tanlac I decided to try it and see if it wouldn't help him. Well, you just can't imagine how overjoyed I was when he began to improve! I kept right on giving him the medicine until now it is hard for me to believe he is the same child. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out and playing with other boys. He has a splendid appetite and I let

him eat anything he wants. He is not the least bit nervous any more and is asleep as soon as he goes to bed. In fact, he is perfectly well in every way.

"After seeing what Tanlac did for him I began taking it myself as I have been suffering from stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with these troubles.

"Tanlac has been one of the greatest blessings that ever came into our home and I expect to praise it as long as I live."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

GOOD BYE SENATOR GORE?

Even Senator Thomas Pryor Gore's staunchest friends must be disappointed at the showing the senator made in Pittsburg County Saturday. The senator came—he saw—he spoke—and he went away without making anything of the splash that had been expected.

Everybody understood that the senator would outlay a lot of plausible excuses for his conduct in the United States senate before the war and after the war. Much water has passed under the bridge since then and he has had time to do a lot of mental whitewashing. The senator made those excuses but somehow or other they fell flat. His climaxes lacked zest and his verbal coups withered away without getting the response hoped for. At Hartshorne the farmers crowded around him all right, just as they would have around any curiosity, but there were less than 30 applauding him when he spoke. He had a large crowd on the streets of McAlester Saturday night, but the crowd came to listen and that is about all it did. His speeches were weighed in the balances and found wanting.

Senator Gore is evidently basing his campaign on the presumed fact that time heals all wounds and that soft words lull into forgetfulness. But our war wounds are still fresh and deep impressions are not easily forgotten.

Senator Gore is making a popular kind of speech. He is telling the people how much money he has saved them. He tells the people how those measures he voted against at the beginning of the war mainly for the purpose of saving money. The war, however, gave us a new standard and it was not a money standard, therefore his appeal does not find the response that it might otherwise.

We know that the taking over of the railroads cost money, that the taking over of the telegraph lines cost money and that the food control bill cost money, but we know how necessary they were and we are reconciled to them. If befits the senator with sorry grace to admit that he voted against them because they cost too much.

Senator Gore would hold himself up as a humanitarian against war and against any oppressive measure and yet all intelligent voters remember that Senator Gore through it all has been a reactionary—not once trying to bring new hope to the world, but trying to kill the aims of those who have given us new hope.

All that Senator Gore said in Pittsburg County hasn't changed the facts in the case and that he stood in the way of a successful culmination of the war.

Senator Gore haltingly concedes that "if he made mistakes they were honest ones and that he was sincere, as sincere as those he opposed."

The News-Capital gives him credit for that. We have always contended that he was sincere but that he lacked mental vision, that his world was too small.

He is not a representative of Oklahoma or the democratic party. He is a representative of Senator Gore—a wilful egoist who has sinned away his day of grace.—McAlester News-Capital.

While the hide-bound reactionary Republican states of Illinois, Michigan, and Nebraska are having a hilarious time voting in presidential primaries, the large and liberal minded people of Democratic Oklahoma are denied any participation in the national free-for-all. Strange is it not that this land of progressive ideas, a state enjoying "the best constitution ever written," and heralded far and wide as the natural home of popular government, should deny its citizens rights enjoyed by states that are the foundation stones of centralized Republicanism. We have no presidential primary in Oklahoma. A few thousand town-buddies met in seventy seven county conventions and selected a few hundred town buddies who met in Muskogee and after electing twenty delegates to the Frisco tournament grew tired of the job and asked another town buddy to finish the job. He finished it. And now the several hundred thousand Oklahoma Democrats who never had a word to say are watching with keen interest the primaries in other states. Let the people rule.

Just about a year now since the state road bonds were defeated, and the men who led the fight against the bonds will have to hustle if they get up that "something better" they were going to submit if the bonds should be defeated.

Jim Ferguson for President! At one bound Miles Pindexter become a prodigy and Governor Edwards a statesman. But it might be worse. Suppose Burleson should run.

JOHNSON LEADS IN MONTANA

PREFERENTIAL PRIMARY PUTS JOHNSON AHEAD AS REPUBLICAN—DEMOCRATS WRITE IN NAMES OF CHOICE

By the Associated Press

BUTTE, Mont., April 24.—Senator Hiram Johnson of California had a wide margin over his opponent for the republican presidential candidacy in the Montana primary held yesterday, according to incomplete and widely scattered returns received this morning. Nearly 200 precincts of the 1500 in the state gave the Californian 6238 votes, according to returns compiled up to an early hour today. Major General Leonard Wood 1604, Herbert Hoover 1259, Governor Lowden of Illinois 1139 and Senator Warren G. Harding less than 500. In the absence of a democratic candidate for president, votes were written on ballots for William G. McAdoo, President Wilson, Herbert Hoover Governor Edwards of New Jersey, William Jennings Bryan and others.

The Mangum Star: These be hard times on the fellow who showed yellow during the war. Everytime a Missouri Democratic County convention is held they swat Jim Reed on his cowardly, yellow back. We imagine we can see Gore shake in his boots.

Tishomingo Capital Democrat: It is getting so a man has less and less say so in his home. Claude Jess, of Sibley, Iowa, started to whip his 15-year-old son, Carl, and Carl shot and killed him. The boy told the police his father not only whipped him but limited his spending money. The idea! Let other fathers take warnings.

EAST CENTRAL WINS OVER SOUTHWESTERN

In the Inter-Normal debate held at Weatherford last night the East Central team won over the Southwestern team in the debate on the question of enforced arbitration in labor and capital disputes. East Central was represented by Taylor Mitchell and Raymond Caskey. Prof. E. C. Wilson accompanied the team. Northwestern Normal School was to have had a team at Ada to contest with a team from East Central at the same time. However, the Normal school at Alva got its wires crossed and was planning to debate Friday night, the thirtieth instant. The local school had made all preparations and was decorating the stage when inquiry by the local school revealed the fact that the Alva team had not started. Supt. McCabe of Copan was to be the judge and he was on the ground. Southwestern had sent her team to Alva and the judge arrived there also.

It is likely that the debate will be held at East Central next Thursday night.

Potatoes.
Today I bought a peck of spuds. My hungry form to fill; I had to soak my Sunday duds. ere I could pay the bill. I paid as much to buy a peck as once a bushel brought; and so I wept and cried "By Heck" and drank a williewaught. I drank a horn of Adam's Ale, my spirits to revive; for how can one dig up the kale and keep his pep alive? They say we run to luxuries, when we a-shopping go; for costly meats imported cheese, our hard earned bucks we blow. "Eat simple fare," the wise men say, "cut out the rich and fine, and you may have some coin each day, and put the same in brine." The wise men sagely chew their cud and hand us logic pure, but is there simpler fare than spuds, the stand-by of the poor? 'Tis not the farmer makes them dear; the grocer's not to blame; some fat and heartless profiteer is at his beastly game. Somewhere there is a middleman whose rake-off is a crime; the buyer is the also-ran who gets stung every time. Somewhere there is a sycamore, somewhere a hempen rope; these crazy times will soon be o'er and sense will come, I hope.—Walt Mason.

PROF. M. B. MOLLOY'S

FATHER KILLED IN STORM
From Memphis Commercial Appeal
NASHVILLE, Tenn., April 20.—Extensive property damage in Williamson, Maury and Carroll Counties, was done by a tornado this afternoon of Burwood. eight of 10 houses were wrecked; Captain M. C. Molloy, aged 75, and prominent in this section, was killed and his son, Thomas, seriously injured while three or four women were injured. Jameson in Maury County, five miles south of Burwood, was also hit by the same storm, but so far as known only property damage resulted. The Christian Church and school house were among the buildings destroyed. In Nashville at intervals during the morning the skies were almost as black as night and there was a rainfall of 1.6 inches.
Capt. Molloy was the father of Prof. M. B. Molloy, head of the English Department of the East Central Normal. He was a captain in the Confederate army from Tennessee during the civil war and has been a leading citizen in his part of the state since that time. Prof. Molloy received the news of his father's death soon after it occurred, but on account of the illness of Mrs. Molloy he could not attend the funeral.

A committee of eleven women visited the plant of the Ada Cleaning and Dye Works. Each of them, upon entering, expressed astonishment at the mammoth array of machinery confronting them. Our foreman showed them through and explained in detail the workings of each machine. One of them declared that she was very much surprised to learn that so much money could be invested in machinery for cleaning clothes. We thank these ladies for their visit. We feel that they are eleven customers to depend upon. Come in and let us show you.

PACKERS SUPPLY MEAT TO HUNS

MILLIONS OF DOLLARS OF MEAT NOW IN GERMAN WAREHOUSES BOUGHT OF GERMAN GOVT.

By the Associated Press

CHICAGO, April 24. — Chicago packers have completed the sale of \$45,000,000 of provisions to the German government, it was announced today by J. Ogden Armour of Armour & Company.

Delivery of the meat, mostly pork products, will start at once. The supplies have been stored in warehouses at Hamburg, Rotterdam and Amsterdam for several months.

GAS RATE CASE COMES UP AGAIN

The case of the City of Ada against the MacThwaite Gas company comes to the front again today. Something more than a year ago the corporation commission of Oklahoma gave the MacThwaite people permission to increase the gas rate to the consumers of Ada from 25c to 35c per thousand. The city of Ada contested the increase and District Judge J. W. Bolen granted a restraining order forbidding the new rate taking effect. The case was taken to the state supreme court and by some arrangement the new rate was permitted to stand.

The supreme court lately has ruled that they have no jurisdiction in the case and that it must take its regular course through the district and appeals courts.

Judge Bolen told a News reporter this morning that his injunction granted some time ago is now in effect and that if the gas people charged more than 25c per thousand and feet for gas that they would be guilty of contempt of court. It is not known when the case will be heard in the district court.

W. C. Duncan of counsel for the gas company says they will take the case through the courts as soon as it can be done.

"GIRLIE-GIRLIE" MUSICAL COMEDY HIT IN PICTURES
"Oh, Boy!" which Manager George has booked for exhibition at the American Theatre on Monday and Tuesday, is said to represent the only really successful attempt ever made to screen the complete story of a modern, up-to-date "girlie-girle" musical comedy hit. For from start to finish, "Oh, Boy!" is just one succession of laughter-provoking, ludicrous, farcical situations, yet maintaining the romantic story of the original musical comedy production.
The film version of "Oh, Boy!"

is the stage version picturized, the only variations made being those which were absolutely necessary and incident to the translation from the stage to the screen. All of the wit, humor and farce-comedy of the regular production has been retained in the film presentation, augmented by the fact that whereas the stage play was confined to two scenes only, the broader scope of the cinematograph has permitted a wealth of magnificent settings.

If you could make yourself invisible, and could pass through walls and keyholes and could listen in and

Young Men Attention

The Berean class of the First Baptist Church Sunday School will move out under their large tent tomorrow, and they are exceedingly anxious to have a large number present.

This class is strictly for young men and has an enrollment of above fifty. We are going to endeavor to reach the one hundred mark within two weeks. We can easily do it if every one will get on his toes.

Now old boy when the alarm clock goes off tomorrow, get right up and come on. You will feel better afterward. Sunday attendance is necessary to the well being of every man as well as to women and children. Get busy tomorrow and come

along with the wife and kiddies. If you are not fortunate enough to have such valuable possessions, come along with your onliest and we will place her in one of the finest young ladies classes to be found anywhere.

Remember the place, hour and object: First Baptist Church, at 9:45, Sunday School class for young men.

First Baptist Church.

Last Sunday was one of the best days we have had this spring. There were 348 in Sunday School, and very large congregations at both hours of worship. There were four additions during the day, two by letter and two by baptism.

The weather man says tomorrow will be clear and warm, and if his prognostications come true we ought to have a large number in Sunday School, and the house should be filled to overflowing at the preaching hours. The Sunday School begins

promptly at 9:45. We are always anxious for the people to be right on time in order that we may begin promptly.

The morning hour of worship begins promptly at eleven o'clock and the pastor will preach. The subject at this time will be "The Challenge of the Present Crisis." The choir will sing an anthem entitled "Come and Rest," by Barnby.

The Sunbeams will meet promptly at 3 o'clock with Mrs. J. T. Emry in charge. Mrs. Emry is doing a most splendid work with the little folks and certainly deserves credit for it. Send the little folks to her tomorrow afternoon.

The two Juniors will meet at 4:30 with Miss Lena Ragsdale in charge of one and Mrs. Dr. Webster in charge of the other. These two organizations are doing a fine work under the leadership of these two capable women.

The Senior B. Y. P. U. will meet at 7 o'clock and all the young people are urged to be present. There are a number of our capable young people who are not lined up with this organization and we cordially invite you to visit them tomorrow evening and join.

The evening worship will begin promptly at 8 o'clock and the pastor will preach. The subject will be, "Shall we know each other in Heaven?" This is a question that has bothered a good many people and we are preaching it by special request. We will be happy to have you present.

We are always anxious to have visitors and strangers with us in our services and we will be delighted to welcome you at any and all the services. — Clyde Calhoun Morris, Pastor.

The News Bible Lesson

Proverbs 3:13-23

Happy is the man that findeth wisdom and the man that getteth understanding.

For the merchandise of it is better than the merchandise of silver, and the gain thereof than fine gold.

She is more precious than rubies: and all the things thou canst desire are not to be compared unto her.

Length of days is in her right hand; and in her left hand riches and honour.

Her ways are the ways of pleasantness, and all her paths are peace.

She is a tree of life to them that lay hold upon her: and happy is everyone that retaineth her.

The Lord by wisdom hath founded the earth; and by understanding hath he established the heavens.

By his knowledge the depths are broken up, and the clouds drop down the dew.

My son, let not them depart from thee.

What Other Phonograph Dares this Test?

Did you ask someone about the Edison Tone-Test recital given Thursday Evening, March 18th in the College Auditorium? The startled audience heard Leola Lucey's living voice flood the packed house. It then heard the New Edison* match that voice, even unto its finest variation of shading and feeling. Any one who was present will tell you.

The Art of the Living Artist and its RE-CREATION by the New Edison Cannot Be Told Apart.

It is no idle phrase that you can enjoy Case, Middleton, Hempel, Lazzari, Matzenauer, Spalding, Rachmanioff, Bonci and others—in your own home. The New Edison brings all that the great artist can bring, except their physical presence. It is the phonographic triumph of the age.

IMPEACHED GOVERNOR RUNS FOR PRESIDENT

By News' Special Service

TEMPLE, Tex., April 24.—James E. Ferguson, former and impeached governor of Texas, has announced his candidacy for president of the United States on the platform of the American party which was organized at Fort Worth, Texas, last August by a faction of the Texas democratic party.

In his announcement Mr. Ferguson expressed unalterable opposition to the league of nations, national prohibition and compulsory military training. He declared in favor of light wines and beer until the "national prohibition amendment is repealed," promised recognition of the principles of trades unionism and pledged himself, if elected, to grant a full pardon to Eugene V. Debs, the socialist leader under conviction for alleged conspiracy to obstruct the draft. War, he said, often causes reason to give way to passion and sometimes intemperate expressions are provoked. He would "forget and forgive" and restore Debs to full citizenship.

Denouncing compulsory military training, the former governor declared "we need an army to take the corn field far more than an army to take the battlefield; just now the world needs an army to raise hogs far more than an army to kill huns."

SIXTY WORK TO SAVE BABY FROM WELL; TOO LATE

By News' Special Service

OSAGE, April 24.—Sixty men worked desperately for nine hours Tuesday in an attempt to rescue Lester Smith, 18 months old, son of Mr. and Mrs. Court Smith, living on the Boston lease across the river from Cleveland, from an 8 inch hole, 32 feet deep, only to bring him out dead.

Grappling hooks were used but the clothes of the baby could not be caught. Tunnelling was tried but the tunnel caved in covering two men, who were later saved. An excavation four feet across was made, and curbed as the work progressed. The body was reached one half hour after the men heard the last moan.

The child had been playing in post holes in the yard and while workmen were temporarily away from a water well on the premises, the child stepped into it thinking it was a post hole.

The father is a pumper for the Gypsy Oil company.

Liberty Theatre
Announces Showing
Of "Virtuous Wives"

The Liberty Theatre announces today that it has completed arrangements for the presentation here of "Virtuous Wives," the motion pic-

ture version of Owen Johnson's celebrated story of the same title. Miss Anita Stewart will make her return to the screen after an absence of months in the role of Amy Forrester, the young society girl, whose husband suddenly discovers without definite reason, that he can no longer consider her a virtuous wife.

SOCIETY

Phi Beta

On Tuesday evening at eight o'clock the members of the Phi Beta Society enjoyed a very elegant dinner at the Harris Hotel. The menu was:

Baked Chicken	Cranberry Sauce
Potatoes	Nuts
Salad	Olives
Ice Cream	Cake
	Coffee

The favors which represented the feminist idea of society with the peacock of many colors, were very pretty. They all departed declaring that it was the most enjoyable among their many affairs of the season.

Those in the party were: Misses Ophelia Gray, Carrie Roach, Clarice Cartwright, Lois Heard, Willie Robinson, Pocahontas McCarty, Cora Love, Abbie Kitchens, Esther Lamar, Frances Campbell, Galen Oliphant and Lee McAlester.

Birthday Party

Jack Moore Jr., entertained 25 of his little friends on his eleventh birthday Tuesday night in honor of Ethel James Bird who has just returned from Florida where she and her mother spent the winter. After various games that delight the hearts of the young, Jack led his guests into the dining room where the table had been made beautiful with softly shaded candles and crystal baskets filled with pink sweet-peas. After the guests had each made a wish and blown out a candle on the birthday cake, the young host cut his cake and, assisted by his honor guest, served it with lemon snow, nuts and confections.

Those who enjoyed this happy occasion are: Ethel James Byrd, Lady Percy Shaw, Jessie Lee Woods, Ora Faust, Harry Lee King, Ava Saunders, Nell Chapman, La Varne Warren, Jeannette Dodds, Maurine Hill, Martha Louise Allen, Joe Frank Bledsoe, Marshall Walters, Glenn Walters, Alf Hardage, Carl Browall, Jack Conn, Bartley Meaders, Ed Gwin, Conrad Hoover, Olan Hoover, Richard Walker Simpson, Jack Moore.

Delphian Club

The Delphian Club held its regular meeting at the Harris Hotel, April 13.

This was the first lesson in the second year of the course of study and a very interesting one on the origin of drama; Relation of Drama to the people as a whole and other important phases in the development of the drama.

The club will meet again Tuesday afternoon and continue the study. Mrs. Robert Wimbish will lead the lesson on Sophocles and Aeschylus, Greek dramatists. Required reading Pages 1-20 and 28-40 Vol. 3.

REPORTER.

"Monday Luncheon Club."

Mrs. W. N. Mays was a charming hostess to the members of the Monday Luncheon Bridge Club, at her home 130 East 13th St. Miss Watt made high score and received the club prize. Miss Spooner will be hostess, April 26th.

The wise woman whose husband says, "I'm not the least bit jealous. I want other men to admire you." NEVER takes her lord at his word. She will enjoy "Virtuous Wives," here Monday and Tuesday at the Liberty.

CHURCHES

(Continued from Page 6)

First Presbyterian Church.

Sunday School 9:45 A. M., J. M. Gordon, superintendent. Preaching 11, Dr. Arthur Lee Odell.

Every member canvass, 2:00 to 5:00 P. M.

Senior Endeavor, 6:45, Miss Mollie Russell, superintendent.

Preaching, 7:45, Dr. Odell.

Do not forget the friendly but lively rivalry between the Men's Bible class and the Women's Bible class. The Young Women's class has also challenged the Young Men's class and the results will be watched with interest.

Quartet Music.

There will be special quartet music at both services at the Christian Church Sunday. The Ladies' Quartet will sing in the morning and the Male Quartet in the evening.

There will be other special music also. "The Holy City" will be sung in the evening. The public always welcome.

First Christian Church.

Beehive Bible School opens at 9:45. A fine school. C. E. Cuning is superintendent. Always room for one more. Who will be that one? A welcome, a smile and a class for all. "Come and see."

Morning worship begins at 11:00. Every member of the church should be present to remember the Lord's death according to the custom of the early church. It is beautiful to partake of the Lord's body and blood each Lord's Day and thus increase in spiritual power. The minister's theme will be, "The Place of the Christian College in Civilization."

The Christian Endeavor Society will meet at 7:00. Topic, "Personal and Public Health." Leader, Juanita Casey.

Evening worship will begin at 8:00. The minister will preach his fifteenth sermon on the Book of

Revelation. His theme will be, "The City That Lieth Foursquare." Every one welcome.

Good work clothes, too

Perhaps the Pontotoc County farmers, and a good many of our fellow townsmen, think we lose sight of the fact that they wear work clothes a big part of the time.

But we don't; we may not talk so much about them, but that's because buying them isn't so important a matter with you.

It's clothes for "dressup" that you're particular about; they involve more of an investment and they're the ones you rely on when you want to look right.

That's why we have Hart Schaffner & Marx clothes for you—they're stylish; worth the money.

But you'll find the same good values in the things we have here for work wear. Shirts, overalls, gloves, caps, shoes—anything you need, at surprisingly low prices.

Our satisfaction guarantee goes with work clothes as well as the rest of our goods; money's worth or money back.
